FRIDAY MORNING, FEB 13, 1863

Complexion of the Late News

The operations of the Federal arms in the Southern Atlantic sea-board have heretofore attracted but little attention, compared to the importance of the results which may be obtained by them. Gen Hunter has forty thousand men at Port Royal, and Gen Foster's forces at Wilmington are estimated at seventy thousand. The object of Foster's forces is doubtless to cut off the coast line of railroads, and then co-operate with Gen. Hunter in the reduction of Charleston. It is improbable that an army of over one hundred thousand men is sent so far South with a view of cutting the Southern approach to Richmond, when there are two other better outlets from that place: one to Danville, and the other by the Virginia Central Railroad to the west

The operations of the army at Vicksburg continue favorable, and no doubt is entertained of their final and complete success. If Gen. Grant's army has a free passage through the canal, the communication, by water, between Vicksburg and Port Hudson will be cut off, and the latter place may be reduced first and its defenders captured. In fact, the opening of the canal brings the armies of Gen. Banks and that of Grant practically into communication. We anticipate the most gratifying results from the combined armies of the Gulf and the Mississippi, commanded, as they are, by two of the best men of the service, and far removed from the intermeddlings of newspaper generals, with only the incentives of patriotism and valor to influence their actions.

On the morning of the 26th of December, the Indian murderers of the New Ulm massacre were hung at Mankato, Minnesota. They numbered in all thirty-eight, and their bodies were buried in one grave. They passed the night before their execution chanting the war-songs of the Dacotahs, and when taken to the scaffold rushed up on to it as eagerly as school-boys intent upon pleasure. When there, they commenced singing their lugubrious death-songs, all the while showing a perfect indifference to their impending doom. One of them showed his contempt for the whites by the most disgusting obscenity; but the balance did not lose that decorum which is characteristic of their race. If the people of Minnesota calculated on any feeling of satisfaction by witnessing an exhibition of weakness on the part of the Indians, they were deceived.

It is reported by the Washington *Republican* of the 12th of January, that there are now at sea forty "blockade breakers," all of which have been fitted out in British ports. In order to arm and man such a fleet the Confederates have issued sixty million dollars of bonds, redeemable with cotton at seven and a half cents a pound, whenever the British can get it from the Confederate ports.

In an 8th of January speech at New York, Gen. Butler said that the intention of the enemy, if Rosecrans had been defeated at Murfreesboro, was to relieve Vicksburg and recapture New Orleans, thus depriving the Unionists of all the advantages gained. The defeat of Bragg broke up this project, and Butler considers the destruction of the rebel power in the valley of the Mississippi a question of time, only.

The exodus of negroes from the South is immense. Tens of thousands of them have already come inside of the Union lines, and the work still goes on. In fact, negroes have become cheap since the 1st of January, so it is best not to be too quick in condemning Mr. Lincoln's policy, or it may be found premature.

CALIFORNIA SENATORSHIP.—The *Alta's* Sacramento telegram of the night of the 7th of February says that at the Union caucus of that night, some of the Park men had gone to the assistance of Sargent. McCulloch, who first exposed the Watrous bribery scheme, went over to Sargent. The eighth and last ballot stood, Sargent, 46, Conness, 39, Phelps, 6; Brown, 8; Shafter, 1. Those who voted for Phelps on the last ballot were, Messrs Hathaway, Perkins, Parks, Banks, Barstow and Torrance. Sargent had reached 47 during the evening, and, it is believed, that he must be nominated. The caucus adjourned. Ayes 52—noes 48. The friends of Conness are still sanguine of his success.

GEN. BUTLER.—The Van Amburgh of the army will perhaps figure at Charleston next, where he will be engaged as principal in taming the secessionists of that place, after the fashion adopted at New Orleans. The Confederates offer $10,000 for his head, which we cannot spare at any such price, as we prove to them by giving him nearly that much annually to act the leading part in reducing their wild spirits to a spirit of obedience.

GOLD IN RICHMOND.—Gold is at one hundred per cent. premium in Richmond, and silver at fifty. The precious metals are very scarce in the Confederacy, and likely to be more so, unless they cry quits in their unnatural warfare, and that soon.

ACQUITTED.—The Union caucus, at Sacramento, found a verdict of "not proven" in regard to the complicity of T. G. Phelps with his agent, Watrous.

Arrival of the Pacific.

FIVE DAYS LATER FROM THE EAST.

Dates to Feb. 7th.

By the arrival of the steamer *Pacific* from San Francisco, we have States' news to the 7th of February.

We are indebted to Messrs Wells, Fargo & Co., and Purser Poole for favors.

From our San Francisco exchanges, we compile our summary of news.

News of February 1st.

WASHINGTON, Feb 1.—*To the people of California*: I understand that an attempt has been made to injure me—the charge of bribery having been made in the Senatorial caucus. Having no information as to the precise character of the charge, I am unable to meet it specifically. I can only leave, in the broadest and in the most unequivocal terms, having anticipated, authorized or desired, assented to or connived at any means to obtain votes in my behalf which would not bear the light of day, and I repudiate and condemn whatever would offend the most scrupulous integrity. I have fought corruption too long to resort to it, and, being 3,000 miles from home, I am comparatively defenseless against these unforeseen personal assaults. I can appeal to my public record and private character to shield me from aspersions by unscrupulous foes, who would sink into their native kennels were I present to meet their accusations face to face.

T. G. PHELPS.

NEW YORK, Feb 1.—The Newark *Advertiser* learns from a private letter from a gentleman on one of the gunboats at Beaufort, N. C., that on the 26th ult. the whole of our fleet, with the exception of one gunboat, left there for Port Royal. There were collected at Beaufort 60 large steam transports, having on board about 70,000 soldiers, and there were also in the harbor 150 schooners, loaded with artillery, etc., which, together with the transports, would leave for Port Royal to join the naval fleet as soon as they could get ready. They all compose one of the most powerful expeditions of the war.

The steamer *Columbia*, from New Orleans the 25th ult., has arrived. Everything is reported quiet. The rebels at Port Hudson have been strengthening their works and augmenting their forces, evidently intending to hold out as long as possible. Our gunboats cannot assist much in the attack, though the mortar vessels will be likely to discommode them considerably.

The New Orleans banks refused to receive Treasury Notes on deposit. Gen. Banks remonstrated with the directors, and they consented to receive the Notes on special deposit. Confederate Notes were rising, and in some demand, and the secesh were most buoyant. Col. Thorp stated at a public meeting, on the 23d, that the levee above the city was in a very dilapidated condition, large holes having been cut to enable the guerrillas to fire at passing boats. The water in the river had risen 15 feet during the last month, and was now rising so rapidly that, unless the levee be speedily repaired, not only Louisiana, but a large portion of Arkansas and Mississippi would be submerged.

A special Washington dispatch to the *Tribune* says that Gen. Butler has had several interviews with the President and Secretary of War, and the proposition that he should go back to New Orleans and resume command of the Department of the Gulf and Texas was formally renewed, with additional powers and responsibilities, including those attached to the organization of an African army on the Mississippi. It is said that Butler now hesitates about accepting the command in the shape offered, fearing that the means to be given him will be altogether disproportionate to the end to be accomplished.

FORTRESS MONROE, Feb. 1.—The Richmond *Dispatch* says: We learn from Vicksburg that appearances indicate an early renewal of the fight there. Five thousand Yankees are working on the canal opposite the city. They intend to float transports through when the river rises, and land their troops below. The Yankee fleet number 107 boats, including 14 gunboats, and there may be more arrivals of gunboats before the renewal of the fight. The Yankee army probably numbers 80,000 men.

On the 27th of January, a bombardment took place of Fort McAllister, at the mouth of the Ogeechee. This river is sixteen miles south of the Savannah river, in Georgia. Only one Federal iron clad was engaged. She was forced to haul off, her turret being injured by solid shot, which broke in pieces as it struck her sides.

Richmond papers of Saturday contain the following: It is impossible that the *Florida* could have been the vessel that sunk the gunboat *Hatteras*, as she did not leave Mobile until the night of the 18th, and the *Hatteras* was sunk on the 17th. We have reliable information that the vessel that did sink her was the British man-of-war *Spitfire*, as the captain indicated in his reply to the Yankee commander. It may be that Commodore Wilkes has wearied out British endurance by his extraordinary blockade at Nassau and other ports, and that orders have been issued which resulted in this naval engagement.

NASHVILLE, Feb. 1.—The Knoxville (Tenn.) *Register* says it has positive information that Gen. Joe Johnston will in person command the army in Middle Tennessee.

Col. Robert Johnson (Federal) took possession of Franklin, Tenn., last night, and Forrest and staff narrowly escaped.

A Washington special dispatch to the N. Y. *Times* says rumors are afloat to-day of an alarm among the rebel leaders, and a rapidly growing disposition to treat for peace.—Whether or not these reports have any foundation, they are gaining considerable currency among those who claim to be posted.

The N. Y. *Herald's* special dispatch says there is good reason for stating that General Butler has not accepted, and probably will not accept, the command of the Union forces in Louisiana and Texas, tendered him by the President.

Gen. Canby, of the regular army, has been ordered to duty here, and now performs the functions of the two late Assistant Secretaries of War, Tucker and Wolcott.

News of February 2d.

NEW YORK, Feb. 2.—A New Orleans letter says, that on the 8th the gunboat *Essex* made a reconnoissance to Port Hudson, going within range of the enemy's batteries, but failing to draw their fire. The *Essex* picked up a torpedo on the river containing at least a bushel of powder.

JEFFERSON CITY, Mo., Feb. 2.—The balloting for Senator continues, but does not encourage expectation that there will be any election this session.

CHARLESTON, S. C., Feb. 2.—Scouts report that Pinckney and Ball's Island have been evacuated by the enemy.

Forty-seven sail of vessels are reported at Hilton Head.

Heavy firing was heard in the direction of Stono this morning, which lasted several hours. It was thought that it proceeded from the enemy practicing target shooting at Cole's Island.

News of February 3d.

Washington, Feb. 3.—The Navy Department has dispatches which say that the iron clad *Montauk* lay under the rebel fire at Fort McAllister for four hours to try the vessel. The fire had no more effect upon her than so many hailstones.

Nothing has as yet been heard confirmatory of the rebel report of the capture of the gunboat J. P. Smith in Stono river.

The Negro Soldier bill passed the House yesterday [illegible]. All the Republicans voted for it except three. Its provisions are as follows: That the President be and is hereby authorized to enroll, arm, equip and receive into the land or naval service of the United States such a number of volunteers of African descent as he may deem equal to suppress the present rebellion for such a term of service as he may prescribe, not exceeding five years, the said volunteers to be organized according to the regulations of the branch of the service into which they may be enlisted, to receive the same rations, clothing and equipments as volunteers and monthly pay not to exceed that of volunteers; to be officered by white or black persons appointed and commissioned by the President and to be governed by the rules of the Articles of War and such other rules and regulations as may be prescribed by the President. Provided that nothing contained in the rules of the Articles of War shall be so construed as to authorize or permit any officer of African descent to be appointed to a rank or to exercise military or naval authority over white officers, soldiers or men in the military or naval service of the United States; nor shall they have any greater pay than $10 per month, with their usual allowance of clothing. Rations are to be allowed [illegible] to privates and laborers of African descent who are or may be in the military or naval service of the United States. Provided further that slaves of loyal citizens in States exempted by the President's Proclamation of January 1, 1863, shall not be received into the armed service of the United States, nor shall there be recruiting offices opened in either of the States of Delaware, Maryland, Western Virginia, Kentucky or Tennessee without the consent of the Governors of the said States having been first obtained.

In the House the Bankrupt Bill was taken up to-day, and a motion to lay on the table was agreed to by a vote of 82 to 61. Mr Conkling of New York, who changed his vote to the affirmative for the purpose of enabling him to move a reconsideration, made that motion accordingly, and Mr Kellogg of Illinois moved to lay Conkling's motion on the table, which was decided in the affirmative by 7 majority.

The Postoffice Appropriation bill passed the Senate.

New York, Feb [illegible]—The steamer *Ocean Queen* brings South American mails and Valparaiso dates to the 21 and Callao to the 13th ult.

Advices from New Zealand represent that the gold discoveries exceed in extent and richness those of Australia.

The British steamer *St. Thomas* at Aspinwall reports that the privateer *Retribution* had burned an American vessel near St. Thomas.

Advices from New Orleans to the 27th ult. state that the last transports of the Banks expedition left for up the river on the 26th. Gen. Banks went up on the 24th and only sufficient troops are left to defend New Orleans with four or five gunboats. It is inferred that the destination of the expedition is Port Hudson.

The bark *Restless* from Port Royal, reports that she passed on the 21st a portion of Foster's expedition from Beaufort for Port Royal, S. C., consisting of six steamers.

From late rebel Charleston newspapers, of the 28th of January, we learn that another British steamer successfully ran the blockade the previous night into a Confederate port.

Albany, Feb 3.—Edwin D. Morgan, ex Governor, was elected U. S. Senator to-day.

Chicago, Feb 3.—A special Washington dispatch, received to-night, says that the House Select Committee on the Pacific Railroad made a severe report against the Atlantic and Pacific Telegraph Company, declaring that they charge much greater rates to California than the law allows, and that they overcharged the Government as high as $50 per day, to say nothing of overcharges to commercial men at the East and West. The Committee are convinced that the stock of this line realizes as high as 75 per cent per annum on the actual cost of the line. They report a bill forbidding the Secretary of the Treasury paying the Company any subsidies, and which cuts down the rates of charges one third.

Washington, Feb 3.—Mr McDougall addressed the Senate at length on the conduct of France with regard to Mexico, contending that it was a violation of all international laws, treaties and assurances made to this country. He declared that the ultimatum offered to Mexico by France was a disgrace to any civilized nation. He said that if any Government was unfriendly to us, France was. Lower California, he said, was not very loyal, and many disloyal persons had gone to Sonora, and to-day very few arms and but little ammunition were left in California, and France might seize hold of that State at any time within thirty days. He thought that the Government was bound to pay some attention to this. There was no reason why we should be afraid of a conflict with France, or with Spain and England combined with us in a common cause against the common enemy.

News of February 4th.

New York, Feb 4.—The following is from the Richmond *Dispatch*: Charleston, Jan. 31.—The iron clad gunboats *Chicora* and *Palmetto State*, with three steamers as tenders, went out beyond the bar this morning to attack the blockading fleet. Firing began soon after 1 o'clock, and for a time was very rapid. It afterwards slackened but continued at intervals until 9 this evening. Owing to a fog the result is not yet ascertained. Commodore Ingraham is on board the *Palmetto State* and commander of the expedition.

This morning the gunboats *Palmetto State* and *Chicora*, accompanied by three small steamers, under commodore Ingraham, made an attack on the blockaders and succeeded in sinking two vessels and crippling a third. The engagement commenced at 1 o'clock. The *Palmetto State*, with Commodore Ingraham on board, opened fire upon the Federal gunboat *Mercedita*, carrying 11 guns and 158 men, which was soon sunk in five fathoms water. Her commander, Capt. Stelwagon, with a boat's crew came on board and surrendered. One shot pierced her boiler, going clear through. Capt. Tucker, of the *Chicora*, reports sinking another Federal gunboat and disabling the steamship *Quaker City*. The latter was set on fire by the *Chicora* and hauled down her flag and surrendered but afterwards managed to escape with one wheel. She was very seriously damaged. The number of the blockading squadron outside at the time of the attack was 1[illegible], with two first class frigates—the *Susquehanna* and the *Canandaigua*. The Federal loss was very severe. It was a complete success on our part, *with not a man hurt* [!]. Our gunboats were not even struck [!]. All the blockaders have disappeared. There is not one to be seen within five miles, with the strongest kind of glasses. Our boats are now returning to Charleston.

Our gunboats *Palmetto State* and *Chicora* were enthusiastically cheered by an immense concourse of citizens assembled to greet them. Salutes were fired from the forts and batteries. Not a man was hurt on our side. Our attack on the fleet was a complete surprise to the blockaders, each one of them running away without caring for the others. It is supposed that nearly all the crew of the *Mercedita* perished. The *Palmetto State*, which engaged the *Mercedita*, having no boats, and fighting at the time, could render her no assistance. The *Quaker City* was struck twice on her side and her wheels were almost torn off.

Charleston, Feb 1.—Yesterday afternoon Gen. Beauregard placed a steamer at the disposal of the foreign consuls, to see for themselves that no blockade existed. The French and Spanish consuls, accompanied by Gen. Ripley, accepted the invitation. The British consul with the commander of the British war steamer *Petrel*, had previously gone five miles beyond the usual anchorage of the blockaders and could see nothing of them with a glass. Late in the evening, four blockaders reappeared, keeping far out. This evening a large number of blockaders are in sight, but keep steam up, evidently ready to run.

The following is an official proclamation:

HEADQUARTERS GRANT NAVAL FORCES, Charleston, S. C., January 31.—About 5 o'clock this morning the Confederate States naval force at this station attacked the United States blockading fleet off the harbor of the city of Charleston and sunk, dispersed, and drove off out of sight, for a time, the entire hostile fleet. Therefore, we the undersigned commanders respectively of the Confederate States naval and land forces in this quarter do hereby formally declare the blockade by the United States of the said city of Charleston, S. C., to be raised by a superior force of the Confederate States, from and after this 31st day of January, 1863.

G. T. BEAUREGARD, Gen. Commanding.
D. N. INGRAHAM, Flag Officer
Commanding Naval Forces.

Official.—T. Thomas J. [illegible], Chief of Staff.

The results of the naval engagement yesterday are two vessels sunk, four set on fire, and the remainder driven away. The Foreign Consuls here held a meeting last night and were unanimously of opinion that the blockade had been legally raised. Twenty blockaders are off the bar to-day.

CAIRO, February 4th.—Vicksburg dates to the 29th January have been received. There is nothing of importance transpiring.

The Richmond *Whig* of 22d January says Longstreet has gone to Tennessee with thirteen brigades.

The gunboat *New Era* was attacked on Sunday night at 11 o'clock, near Island No. 10, by guerrillas, with three cannon. The *New Era* returned the fire with shell. The confict lasted till near daylight, when the rebels retired. Their force was [illegible]. [illegible] demonstration [illegible] considerable excitement.

News of February 6th.

FORTRESS MONROE, February 4th.—Richmond papers of the 2d [illegible] contain the affair of Charleston substantially the same as already telegraphed, with the [illegible]. The Secretary of State notified the British and French consuls that official information had been received of the [illegible] that the blockade had been raised.

The [illegible] of the *Dispatch* says: We learn that a steamer [illegible] Charleston after raising the blockade [illegible] from the British authorities there [illegible] that no official notice being given [illegible] of the blockade, it cannot be renewed until the usual previous notice have been given to neutral maritime powers.

HEADQUARTERS ARMY OF THE POTOMAC, February 5th.—Indications are that the enemy is very much weakened—his force opposite here relying on the impossibility of any movements under existing circumstances. But few pickets or fifteen are seen to-day. A heavy snow storm has commenced, changing to rain.

CAIRO, February 5th.—The health of the troops at Vicksburg is improving very satisfactorily. Our forces are now engaged in repairing the crevasses of last fall, in order to keep the water out of the camp. The water in the old canal is six feet deep, but doing little execution.

A staff officer who arrived this evening says the rebel force at Vicksburg does not exceed 60,000, and thinks this number is all they can bring to its defense. 1,000 negroes are [illegible] from Memphis to work on the canal.

A dispatch from Fort Donelson to-night says that the Federal force there 700 strong, with one battery, were attacked at 1 o'clock on the 3d, and the fight lasted until 8 o'clock in the evening, when the rebels retired southward in great disorder, their flight being hastened by the force under Col. Lowe, which arrived during the evening. The enemy's loss was [illegible] killed and 500 wounded. Our loss was 12 killed and 41 wounded and missing.

NEW YORK, February 6th.—The Charleston *Mercury* of the 28th announces the arrival of the British steamer *Flora* from Nassau with an assorted cargo.

The *Times'* Washington special dispatch says, the Special Committee on the Pacific Railroad have had under consideration for several days the Pacific Railroad bill, and have authorized Senator McDougall to report it back with several amendments. They modify the former bill so that the amount retained by the Government shall not interfere practically with the construction of the road, and also make provision for the right of way through the Territories of the United States omitted in the old bill, and confirming the adjustment made between California interests.

The Richmond correspondent of the Charleston *Mercury* says the French bankers have tendered the Confederacy a loan of 75,000,000 francs.

A bill was introduced into the rebel Congress for the condemnation to public use all cotton within the Confederate States, to give the owners a receipt for it at 12½c per pound, and to sell it to French and English dealers, and let the purchasers see its exportation.

A letter to General Houston, from the United States Consul at Monterey, says $1,000,000 worth of cotton is sold there monthly, all of which is sent back to the rebels in the shape of powder, lead, blankets and shoes. J. K. Bayler, says the letter, is getting up another expedition for the invasion of Arizona and New Mexico. He intends to start January 1st.

1,000 men are on the frontier awaiting a chance to join the Federal army.

A letter from the Consul at Matamoras says there is up the river a force of 131 Mexicans, half of whom are well armed and mounted, who have been driven from Texas.—Having been joined by a few Americans, they keep the frontier as far as San Antonio. The Mexican General has been appealed to by the rebel commander at San Antonio to prevent their invasion of Texas. Nothing has been said to our Consul on the subject.

CAIRO, February 6, 11 P. M.—A despatch has just been received from Memphis, which announces the arrival of the steamer *Adeline*, from Vicksburg.

The ram *Queen of the West* ran the blockade on Monday morning at daylight. Over 100 guns opened on her as she steamed swiftly past. The rebel steamer also opened on the *Queen of the West*, which replied, disabling the rebel craft. The *Queen of the West* was under fire for three-quarters of an hour.

WASHINGTON, February 5th.—The House to-day disagreed with the Senate amendments to the Executive, Legislative and Judicial bill, restricting the mileage of members to 10 cents, and directed a committee of conference.

WASHINGTON, February 6th.—The House concurred in the Senate's amendment to the Postoffice Appropriation bill, authorizing the Postmaster General to contract for carrying the mails, by steamships, from San Francisco to Oregon ports, for not exceeding $24,000.

News of February 7th.

NEW YORK, Feb 7.—The *Roanoke* has arrived with dates from New Orleans to the 28th January and from Havana to the 1st February.

The New Orleans *Delta* says that accounts from the rebel army at Port Hudson and elsewhere, show a most deplorable state of affairs among them, the men only being kept from mutiny by promises of peace. During thirty days over [illegible] officers had been shot while endeavoring to raise mutiny.

The regular Havana letter of 31st January contains Vera Cruz dates to the 24th January. Siege trains were there, without which the French don't hope to take Puebla. The smallpox was abating.

Nothing reliable is received relative to the pirates *Alabama* and *Florida*. The British gunboat *Rinaldo* arrived at Havana from Galveston, bringing an extra of the Houston *Telegraph* of Jan 23d, containing accounts of the capture off Sabine Pass of the Federal brig *Morning Light*, and an unknown schooner, on the 21st, by an expedition from Magruder's fleet.

The following is the rebel dispatch:

SABINE PASS, Jan 21.—We met the enemy this morning on the Gulf of Mexico, whipped them and brought everything to Sabine Pass. I fought him ten guns to my one. We have captured two vessels, one full rigged ship, the other a schooner, 12 guns, medical stores, ammunition in abundance, and 109 prisoners. A. M. WATKINS.

Magruder, on January 4th, proclaimed Galveston open to commerce, but Commodore Bell (Federal) issued a proclamation on the [illegible]th declaring Galveston, Sabine Pass and the whole coast of Texas under actual blockade and warning all vessels from trading, under penalty of capture.

Nothing confirmatory of the capture of the pirate *Florida* is received from Havana.

CHICAGO, Feb 7.—The New York dailies of yesterday morning discuss the question of raising the blockade of Charleston [illegible], and unitedly affirm that the blockade is not raised by a temporary interruption, whether voluntary or by a superior force, except during the actual time of interruption.

CAIRO, Feb 6.—A dispatch from Trenton of the 3d says Dawson's band of guerrillas were attacked by Col. Wood [illegible]; 34 guerrillas were killed and 25 horses and 28 stand of arms captured.

NEW YORK, Feb 7.—Bermuda papers say that the *Alabama* was spoken on Jan 15th in latitude 26 deg. 45 min. North, longitude 52 deg. 25 min.

NEW YORK, Feb 7.—The *Tribune's* Washington special dispatch says that there were two circles of blockading ships off Charleston harbor—the outer one in deep water seven miles from Fort Sumter, the other one was upon the bar. [illegible] in the Navy Department are certain that the rebel iron-clads went down only to the latter. They were not calculated for deep rough water [illegible], and it is declared that they did not go near or menace the second and outer line of large blockaders.

Latest.

CAIRO, Feb 7.—The light draught gunboat *Glide* took fire this morning from some unknown cause and floated down the river a short distance, lodging on the Kentucky shore. The boat, with her guns and machinery, is a total loss.

Vicksburg letters of the 31st say the canal project has been fully adopted, and the largest possible force will be kept at work night and day till it is completed. It must be wholly cut to the required depth and width, it having been found that no reliance can be placed on the action of the water washing it out. Some weeks must elapse before its completion. Troops from elsewhere must arrive. The enemy appear vigilant and have [illegible] that are already formidable.

NEW YORK, Feb 7th.—The *Herald's* correspondent with the Banks expedition writes that Farragut's fleet is so diminished that it will not be possible to attack Port Hudson [illegible].

A letter from [illegible], Alabama, gives Commodore [illegible] to foreign consuls notifying them that all foreigners [illegible] and all others concerned in trade [illegible] that the city is liable to be attacked any day by the United States forces. Twenty four hours are to be given for the non-combatants to withdraw.

The reported defeat of the French in Mexico proves a Mexican rumor. At last advices the French siege guns were advancing towards Orizaba, from which point a column was to move to co-operate with the column from Jalapa, both being four leagues distance on the front of Jalapa, where a stout resistance is anticipated.

The British war-ship *Vesuvius* at Bermudas on the 27th of January, reports that the French army had been defeated in their attack on Puebla and had lost three thousand men.

A special dispatch to the *Tribune* says the House Committee on Ways and Means has informally under consideration the Senate's amendments to the finance bill. The Committee [illegible] all except the reduction of Legal Tenders [illegible] three hundred millions, but will allow the Secretary to judge of the necessity of the issue. The Senate Finance Committee and Secretary Chase are in entire accord now relative to the finance bill. The views of the House Committee are also daily approaching nearer to those of the Senate Committee and the two Houses will probably agree in recommending a tax at least of one-eighth per cent on all speculative transactions in gold.

WASHINGTON, Feb 7th.—It is believed that the Senate will confirm [illegible] of the Brigadier Generals now before it, except those who have [illegible] their stars by military conduct [illegible] supporters of the Government and its war policy.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

Legal Tender Notes this Day—65 cents.

Circuit Court.—Wednesday, Feb 12th.—The following cases were disposed of to-day:

State of Oregon vs John P Dennison; the jury after remaining out all night, failed to agree and were discharged.

A. M. & L. M. Starr vs H S Jacobs, judgment by default, $306 77.

McCarver & Clark vs Chittenden & Dolson, judgment by default $1,083 00.

H. M. Knighton vs T J Kinder; continued for want of service.

A. M. Roberts vs Heirs of D. S. Southmayd; decree requiring heirs to make a deed upon payment of sum named in bonds.

G. W. Vaughn vs. City of Portland, was in hearing during latter part of day, but was not concluded.

An order was made allowing the Grand Jury to continue their investigations, they having exhausted the three days allowed by statute, without finishing business.

Leaning on a Reed.—The secesh brethren of this city were much comforted yesterday by the report that the blockade of Charleston was raised by the late naval actions off the harbor of that city. In the first place the news is no more authentic than any other statement of the enthusiastic Gen Tom Jordan, who is the author of the dispatches containing the news. In the next place, the fleet is still off the harbor, and will be likely to capture any craft that tries to run in, in spite of protests, Gen Tom Jordan, Pete Beauregard and the balance of the Confederate crew. The "sixty days" claimed by the South, in which to equip her soldiers, will not benefit them much.

Moneys Received.—The steamer *Pacific* brought up $100,000 for Major Winston, Paymaster at Fort Vancouver. By far the larger portion of it was in coin, say, $70,000. Major Winston will proceed at once to make payments to the military on the Sound, and return to the interior within the circle of the duties devolving on him. Payments of gold and paper to soldiers will be made in such a manner as to give them the advantage of the hard currency, in the proportion in which it was received.

Ice in the Columbia.—The steamer *Vancouver* had great difficulty in coming from Vancouver yesterday morning. The slush ice was running from three to five feet thick. Unless the weather moderates, the river will be closed. Yesterday afternoon, the *Vancouver* started to return but could get no further than the mouth of the Willamette.

The Weather.—Slight thaws, unvaried by anything but cold currents of air, do not appear to be capable of carrying off the banks of snow which have fallen in the past four days. Rain would be a blessing at this time.

Thanks.—Our thanks are due Samuel Simmons, Esq., of Marion county, for copy of *Alta California* of February 8th, containing later news than found in the *Bulletin's* steamer edition of the 7th.

Organized.—The Board of Fire Delegates organized last night, by electing E. G. Randall, President; T. Brooks Trevitt, Secretary and Harris Seymour, Treasurer.

Legal Tender Notes.—The New York quotation of gold is 156¼ on the 7th inst. This is about equivalent to greenbacks at 63 [illegible]. We have no San Francisco quotations.

Sails.—The steamer *Pacific* sails for San Francisco, via Victoria, this afternoon at 4 o'clock.

Favors.—We are indebted to the Purser of the steamer for the following memoranda and passenger list.

Memoranda.—Steamer *Pacific*, S. J. De Wolf, Commander, sailed from San Francisco, Feb. 8, at 10:30 A. M., and arrived at Portland on the 11th, at 9:30 A. M.

Passengers.—R Benjamin, wife and 2 children, Miss R B[illegible]n, Miss C Benjamin, Miss E Benjamin, Mr Kelsey and wife, Miss M C Burdeck, C A Haas, P Wasserman, J Bloch, [illegible], G Thatcher, F Oettheimer, J S Rosen[illegible] Scott, J J Kelly, A H Nelson, W A Wright, A P D W S[illegible], [illegible] M Mathews and wife, Mrs A F Favner and 5 children, Miss Sahm, A Satro, Mr Abrams, B Rinehart, J Du[illegible], O Adler, Dr H H Berkowitz, A Goldsmith, S Pierce, H Akly, R H Adams, Dan Hogue, Geo English, C Vaxter, Thos A Byrnes, Geo Ryckman, A J Matton, Mr Schl[illegible], A Ebechart, D S Murphy, J E McAllister, A Frank, J R Watson, M Booth, R Whitney, Frank Door, C Steph[illegible], M Greenwood and wife, J V Covert, D J Poindexton, M Debny, A Legree, W F Fisk & wife, Miss Pierce, Miss J[illegible], Miss Sullivan, J Van Reper and wife, G M Origgs, D Farg-Aly, Jno Burk, J H Maxwell, A Steid, J Lord, W F & Co's messenger, and 375 tons freight.

G. H. Poole, Purser.

Recovery of Treasure.—The *Alta* of the 8th inst., says that the party of adventurers who sailed from San Francisco about two months since to try and raise the treasure of the lost steamer *Golden Gate*, have succeeded in recovering about $320,000 of it. Near $200,000 was stolen by the Mexicans as soon as it was got out. The working party is under the control of a gentleman named William Irelan, and the craft employed bears his name. The process of recovery consisted in simply digging away the gravel from the vicinity of the treasure room of the ship and sending down divers to fasten on to the treasure boxes. It was believed that fully $1,000,000 would be recovered.

Coughs.—The sudden changes of our climate are sources of Pulmonary, Bronchial and Asthmatic Affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "*Brown's Bronchial Troches*," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. Public Speakers and Singers will find them effectual for clearing and strengthening the voice. See adv't. dec16dw3m

Storage.—The Fire-Proof Stone Warehouse, opposite Umatilla House, is the only building, "not made of wood" at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are *wooden* buildings and in exposed parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage; and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

White's Fever and Ague Drops—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed, in no instance has it failed to effect a speedy cure, in Ague especially one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

The GREAT SUCCESS of the CENTURY [illegible] *MEDICINE.*

Too Much Cannot be Said

[illegible]

Awaken the Magnetic Life within us

[illegible]

No Compromise with Disease

Give the body strength, and nature will relieve herself [illegible] ELECTRICAL [illegible]

To the Ladies of California.

Dr Van Zandt's success with complaints of women [illegible]

Baffled the Skill of Physicians.

Develop appetite [illegible] headache, sinking at the stomach, wandering pains, wasting away [illegible] extreme debility and listlessness, hectic [illegible] unpleasant dreams and that general depression of life spirits, which renders her life a misery and not a boon. Dr Van Zandt, with his new method of exciting the Electro-Galvanic current, together with his remedial measures which are adapted to the necessities of California, will assure you a complete and radical recovery of all bodily and mental infirmities, and will restore you to usefulness, and spare you a blessing to your family and friends.

All the world over

wherever disease exists, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic—to take it [illegible] diagnosis—it is as necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years and verified by hundreds of patients, so that no principle of science, no rule of experience, no result of any well known cause rests upon more sure and unassailable foundations than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic, gouty or neuralgic character, and all forms of disease, the result of foul or cachectic habit of body.

None Need Despair of Relief.

If you have ulcers which will not heal—pains that cannot be relieved—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weighs you down—wakefulness that knows no sleeping—business that languishes for want of energy—a void which nothing can fill—[illegible] Dr Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation together with his remedies, which are adapted to the requirements of climate and constitution, will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study, and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

DR. BAKER'S PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully refunded by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

Proclamation by the Governor

EXECUTIVE OFFICE PORTLAND OREGON, }
January 6 1863 }

By the President of the United States through Brigadier General George Wright commanding the Department of the Pacific and Brigadier General Benjamin Alvord, commanding the District of Oregon, I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry Oregon Volunteers. They will be needed the coming Spring on the frontiers of this State and Washington Territory and for an expedition against the Snake Indians who have so long been mercilessly engaged in robbing emigrants and murdering our fellow citizens. I cannot doubt that the citizens of Oregon who have always promptly responded to any demand for their military services will in like manner respond to this call thereby showing their loyalty to the Government and aiding in chastising marauding bands of Indians which infest our frontiers.

The enlisted men when mounted will be supplied with horses by the United States it being understood that they will be mounted or not as shall be deemed advisable by the Government.

Propositions to raise a whole company which will furnish their own horses and horse equipments may be entertained. The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments.

Each company will consist of one hundred enlisted men, and when mustered into the service of the United States to serve for three years, unless sooner discharged.

Recruiting offices will be immediately opened at Portland Dalles City and perhaps at other places. By the Governor,

ADDISON C GIBBS

CYRUS A REED Adjutant General
